The 2022 AUA Academic Conference on Sustainable Energy and Green Technology is a **virtual** Asian Universities Alliance (AUA) conference jointly organized by Universiti Malaya (Malaysia) and Chulalongkorn University (Thailand) that will be held from **21-23 February 2022** with the theme **“Gearing Innovative Green Technologies Towards Sustainable Living”**, supporting the AUA Themes for 2020-2023 “Energy and Sustainability”.

AUA-SEGt 2022 aims to promote research in the field of sustainable energy, green technology, environment and climate change, and to facilitate the exchange of new ideas and the establishment of research clusters in these fields among academicians, engineers, scientists and practitioners from both AUA and non-AUA members. There will be plenary & keynote speeches, oral presentations and a poster session on different topics. Accepted full papers will be published in IOP-EES Conference Proceedings, and selected papers will be recommended for publication in high quality supporting journals (Sustainability, Polymers, Frontiers in Energy Research, Energy Engineering, etc.) . Three Best Presenter (USD 150 each) and two Best Poster awards (USD 100 each) will be presented.
